

Welcome!

The 2018-2019 school year promises to be a very exciting time for students, staff and families. Tech continues to be one of the most popular and thriving high schools in Oakland. This great success is the direct result of dedication and support from our community. We need each Tech family to commit to being a positive, driving force in our students' future!

The Oakland Tech PTSA (OTPTSA) plays a critical role in coordinating resources and programs for students and families. Please take this opportunity to be an active part of the Tech community.

These are great days to be a Tech Bulldog!
